

1451 WELLINGTON

The Residences at Island Park Drive

Thank You, Dad

Among the handful of developments offering uncompromising luxury, 1451 Wellington in Ottawa stands out even more – so much that this boutique residence has already been declared a landmark by the city's Urban Design Review Panel.

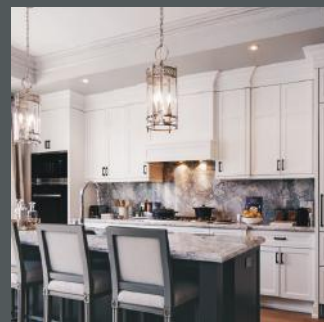

Here, timeless architecture is just the beginning. Never before has a condominium residence so fully embraced the wishes of those who will live there. Every detail is yours to customize, from the configuration of your home to every surface and fixture within. The care goes well beyond design. Our meticulous attention to detail ensures old-world craftsmanship will prevail at every stage of construction.

At 1451 Wellington, we pay attention to the finer details, just as Dad always has. These details can be seen in all the conveniences at 1451 Wellington which make Dad's life more enjoyable. Car washing station, pet wash facilities, storage space for bikes and sporting goods, natural gas BBQ connection and water bibs included in all outdoor spaces, 24hr Concierge and valet attendant, a fitness retreat boasting a saltwater lap pool, Technogym equipment and so much more.

The one luxury we simply can not offer you is time.
